

Denver Metro

Strategic location for business continuity and disaster recovery operations

Equinix Denver is home to more than 80 businesses and directly connects our customers to the companies leading the way globally. The location is ideal for companies looking to connect to customers and partners on either coast, or in major population centers along the way. Our customers in Denver have fast access to a variety of vibrant digital ecosystems and the interconnection they need to grow.

Denver metro facilities

Our two Denver International Business Exchange™ (IBX®) data centers deliver 83,000+ square feet (7,725+ square meters) of colocation space, enabling our customers to thrive at the digital edge. Customers have access to low-latency routes to the Equinix global interconnection platform that extends across more than 60 markets on five continents.

The Denver metropolitan area has a low risk for natural disasters, making it an ideal destination for business continuity and disaster recovery operations. Equinix Denver offers secure, flexible interconnection for businesses looking to compete regionally and beyond.
